STARK COUNTY
LAW LIBRARY

Legally *speaking*

Supportworks Child Support Worksheet Program Available

Supportworks software is now accessible at the law library. Some attorneys had asked for an alternative to FinPlan, which continues to be available at the library.

There were requests that the library provide Puritas Springs software, but unfortunately that software is not available to law libraries.

Supportworks calculates child support obligations following Ohio child support guidelines. It automatically produces sole custody or split custody worksheets based on the number of children living with each parent. A one page summary sheet or state-mandated worksheet can be printed.

The program automatically calculates federal and state child care tax-credits and the children's portion of health care expenses, permitting the values to be input in a weekly, biweekly, monthly, semimonthly or yearly amount.

The program also allows deviations in support to be inserted, along with a reason for the deviation.

Please let the library staff know your opinion of the Supportworks program.

Westlaw and Lexis Training With 1 Free CLE + CCH Info Session

Lexis training will be **Tues., Oct. 29** with beginner sessions at 9:30 am and 1:30 pm and an intermediate session at 11 am.

WestlawNext Training will be **Thurs., Nov. 7th** with introductory sessions at 9:30 am and 1:00 pm and an intermediate session at 11 am. Space in each session is limited. Email inform@starklawlibrary.org or call 330-451-7380 to register.

CCH representative Laurie Gross will be at the library to explain the health care, human resources and labor and employment law databases available on **Intelliconnect** on **Wed., Oct. 23** from 9:30-11:30 am.
